How many times have you been lying on the bed and watching the ceiling? Big-dreaming, thinking of the bills-thrills, "what-to-do" and "how-to-be" stuff. Our designers have no time for this, but when they do they ask one question "Why the ceiling cannot be the sky?". We answered immediately. Inside every house, there must be one. And what is the sky if there are no clouds?

Ceramic

•  
It hangs itself and doesn't think about anything.  
Brunka spherical lamp holds a secret. In nature, the buds are in a state of rest for a certain time, and then blooming follows. Who knows if our lamp will bloom. But we can assure you of one thing —  
Brunka was born to highlight warm moments.

# SITKA

320 x 320 x 900 (H) mm

\$9 200

TEXTURE - ROUGH  
COLOR - ON REQUEST

Ceramic

•  
Made of ceramic and covered with metal, this large lamp captivates with its elegant roughness, design simplicity. Decorative elements in the form of a grid give the object volume and mobility. And the moment of creating each product by hand does not allow any item by Makhno to be repeated anywhere in the world.

# GRANNY'S

\$3 000

TEXTURE - SMOOTH  
COLOR - ON REQUEST

Ceramic

•  
The first confession in love, parquet scratches left by a cat, which was admitted to make the first step in a new family home, fingerprints of the firstborn in the dough for a holiday cake are the spots left on the canvas of the soul. Who knows what is behind these spots on the Pliama lamp? And perhaps each of them will bring a new life surprises to the routine of its owner.

# RIY

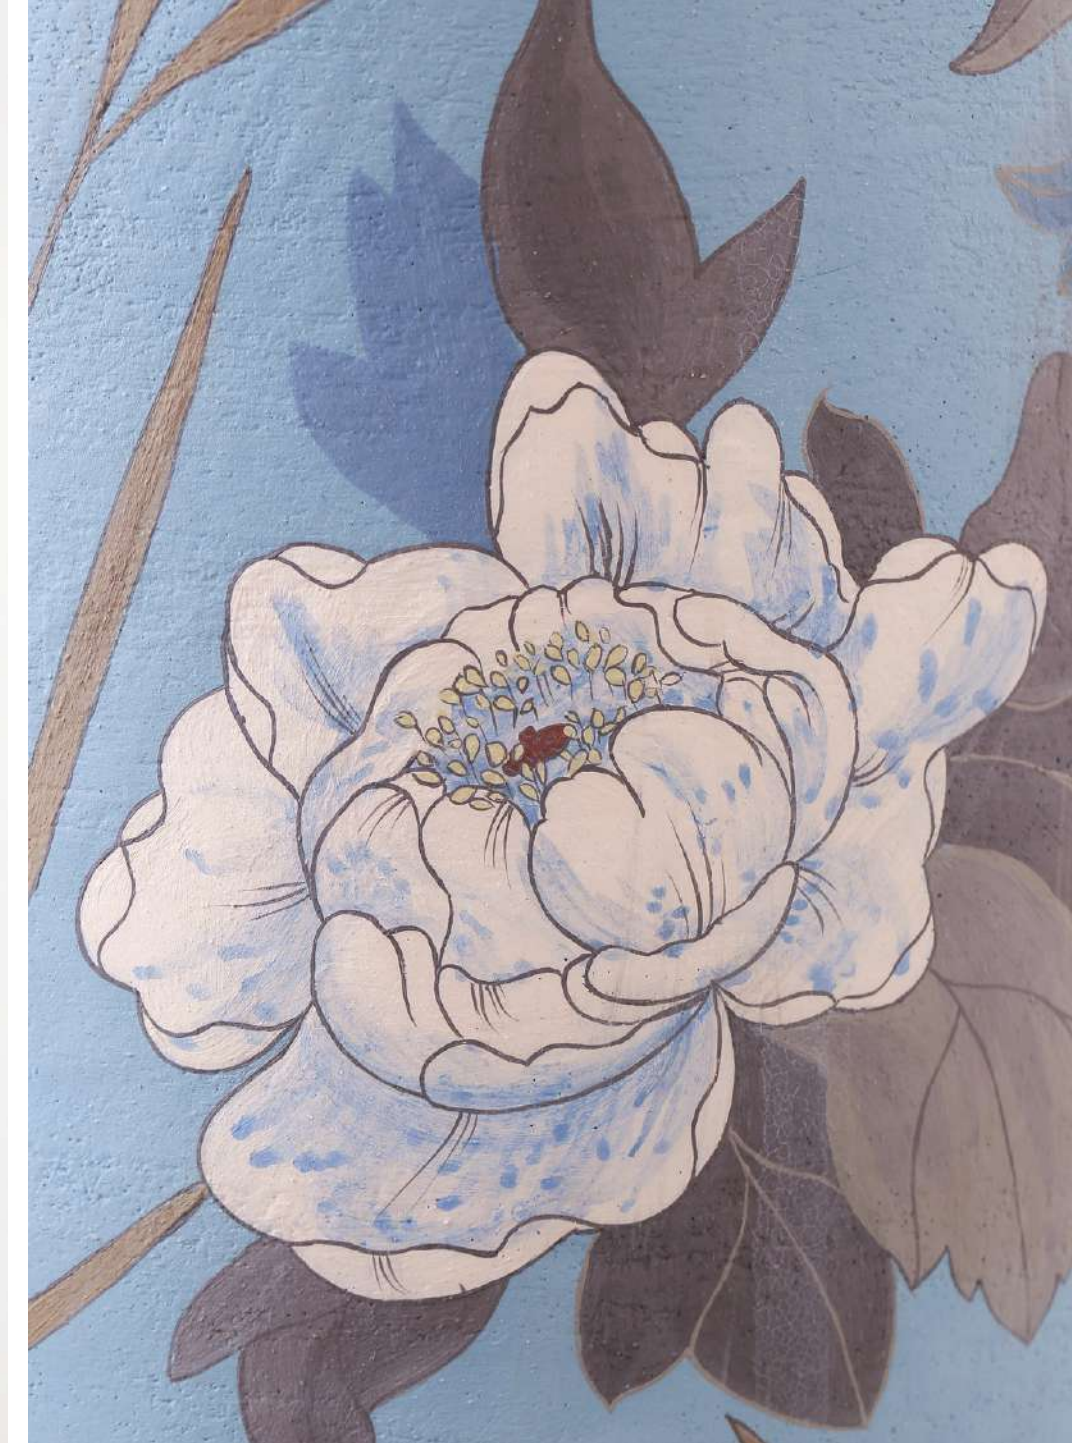

340 x 340 x 690 (H) mm

\$6 600

TEXTURE - SMOOTH  
COLOR - ON REQUEST

Ceramic

• Serhii Makhno gathered artists and ceramists from all over Ukraine. The painting is unique and one-of-a-kind. Even if you ask for exactly the same lamp, we wouldn't make it. Because the bee will be already sitting on the flower — it has its own tasks, we cannot stop. We don't even try to restrain nature, we just dream of having it as a co-author. The painting is another piece to remember childhood, grandparents, beehives, and bees.

• Ceramic lamp GEMMA is an azure-gold “tail” based on a sketch by Serhii Makhno. It will bring an interesting accent to any space. A dozen of light bulbs have both an aesthetic motif, and a functional — it enriches the room with warm, brilliant light, which is harmoniously distributed throughout the room due to the narrower form at the bottom of the lamp. Well, and the materials — they are eternal. Your grandchildren will gladly accept such a showpiece as an inheritance.

•  
A lamp that resembles the protective armor of the Dragon Age. The tactile uneven texture in combination with the glossy finish gives an extraordinary result that adds a highlight to the interior and makes you linger and enjoy next to it. As everywhere in our work, the inspiration for creating the LUSKA wall sconce came from nature.

The masterpiece of Ukrainian folk decorative art. See what's happening with the surface, which is decorated with this tile – it captures. The same reaction often happens when contemplating a masterpiece of Ukrainian folk decorative art – vytynanka. This technique is characterized by laconicity and sophistication of patterns. It is close to the technique of creating a silhouette. What silhouettes do you see on the wall under this tile?

Ceramic

•  
The designer was generous and put a part of his soul in these little, pale animals – frogs. The tile looks exclusively on any surface in the color of natural iron, like the protective armor of the new Marvel character – Iron Frog. You can spend hours watching at the structure that this tile creates, looking through each line.

# GRASS

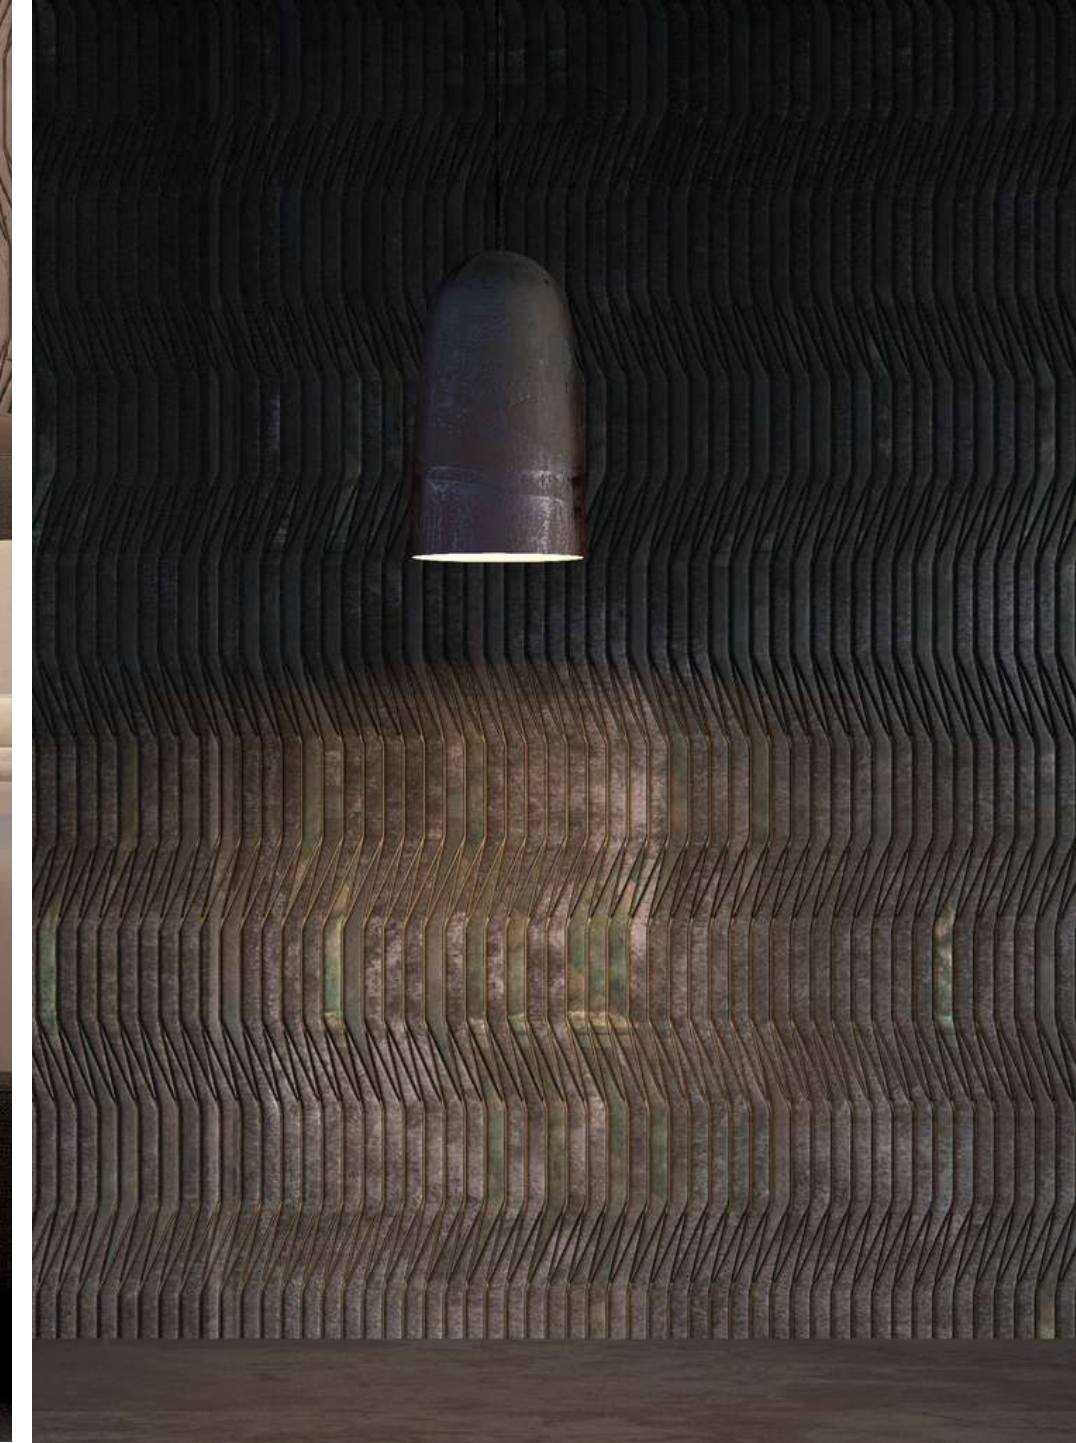

70 x 465 x 17 (H) mm

\$1 350/sq.m.

Ceramic

•  
Freshened, dried with sun, painted with lavender flowers – each plant will find its place in your room.  
Putting it on the floor/wall, closing your eyes, turning on a bit of fantasy and walking barefoot, you can  
imagine yourself in a place far beyond the city, far from worries and bustle.

# RIPPLE

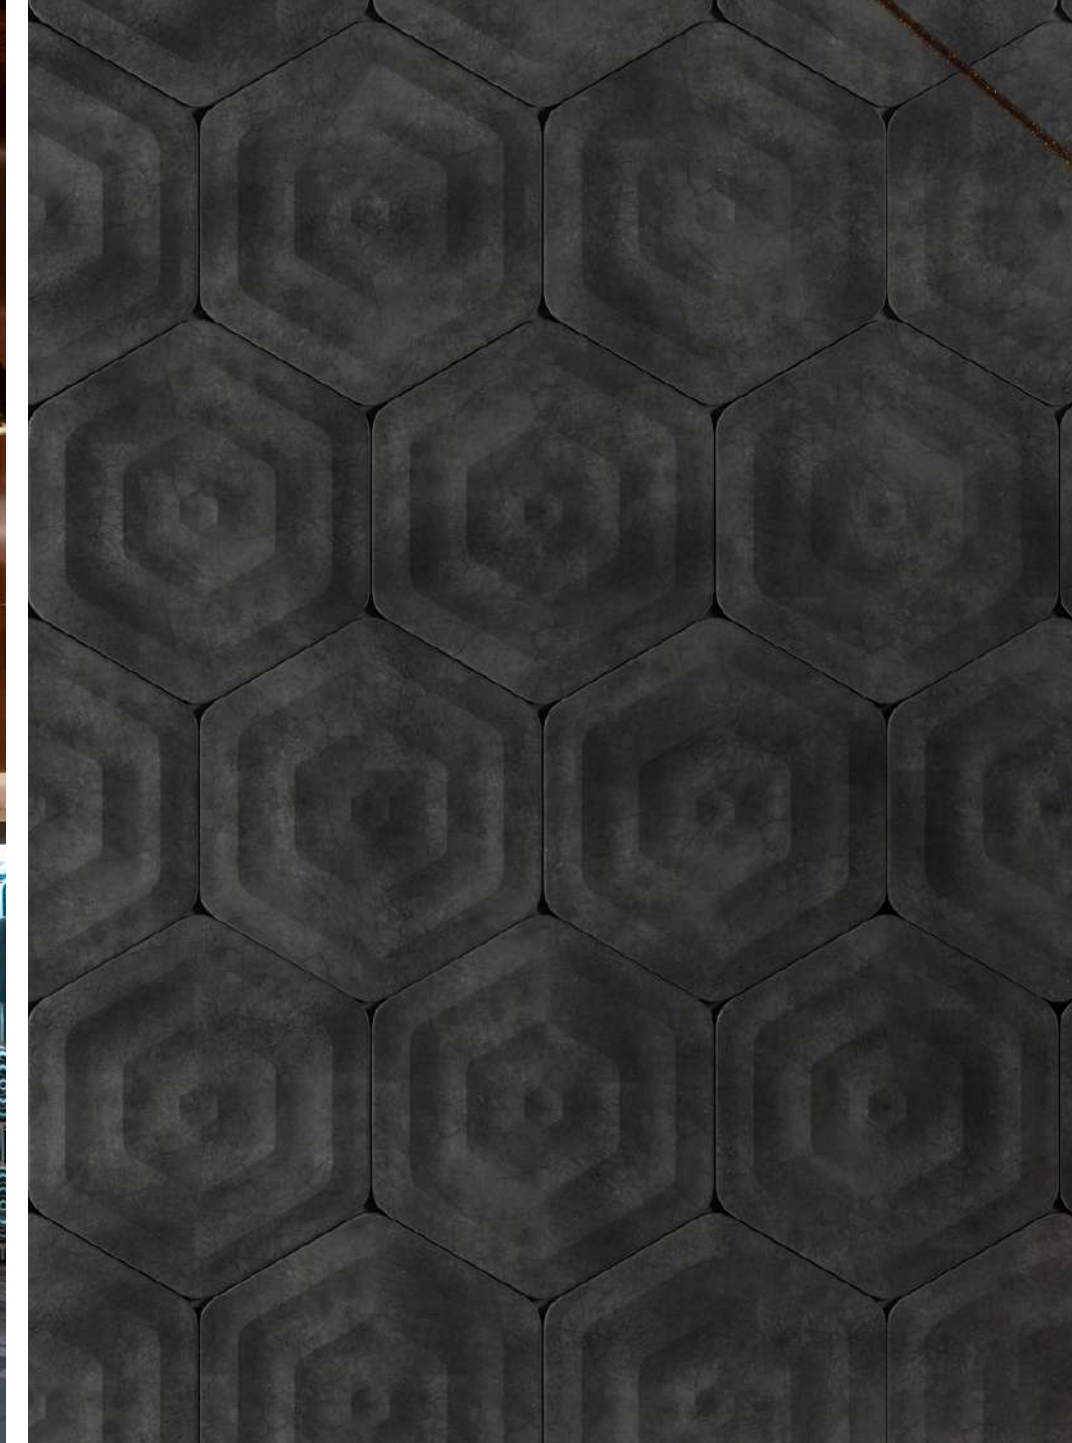

185 x 210 x 22 (H) mm

\$1 350/sq.m.

3D TILE  
TEXTURE - ROUGH  
COLOR - ON REQUEST

Ceramic

•  
The tile is similar to the water surface — when you touch it, the ripples of the waves creates.  
Decorating the wall with this tile, you can achieve the effect of movement in the room, thereby  
expanding the space. Looking for a long time in the center of the tile, you can fall into a trance of  
aesthetic pleasure.

# FISH

185 x 105 x 40 (H) mm

300 x 170 x 40 (H) mm

\$1 350/sq.m.

3D TILE  
TEXTURE - ROUGH  
COLOR - ON REQUEST

Ceramic

•  
A silent, but mobile and such a cute pet will live on your wall. To make your fish unique, add to the designer's shape your individual color. Author's, natural and such a verbose fish.

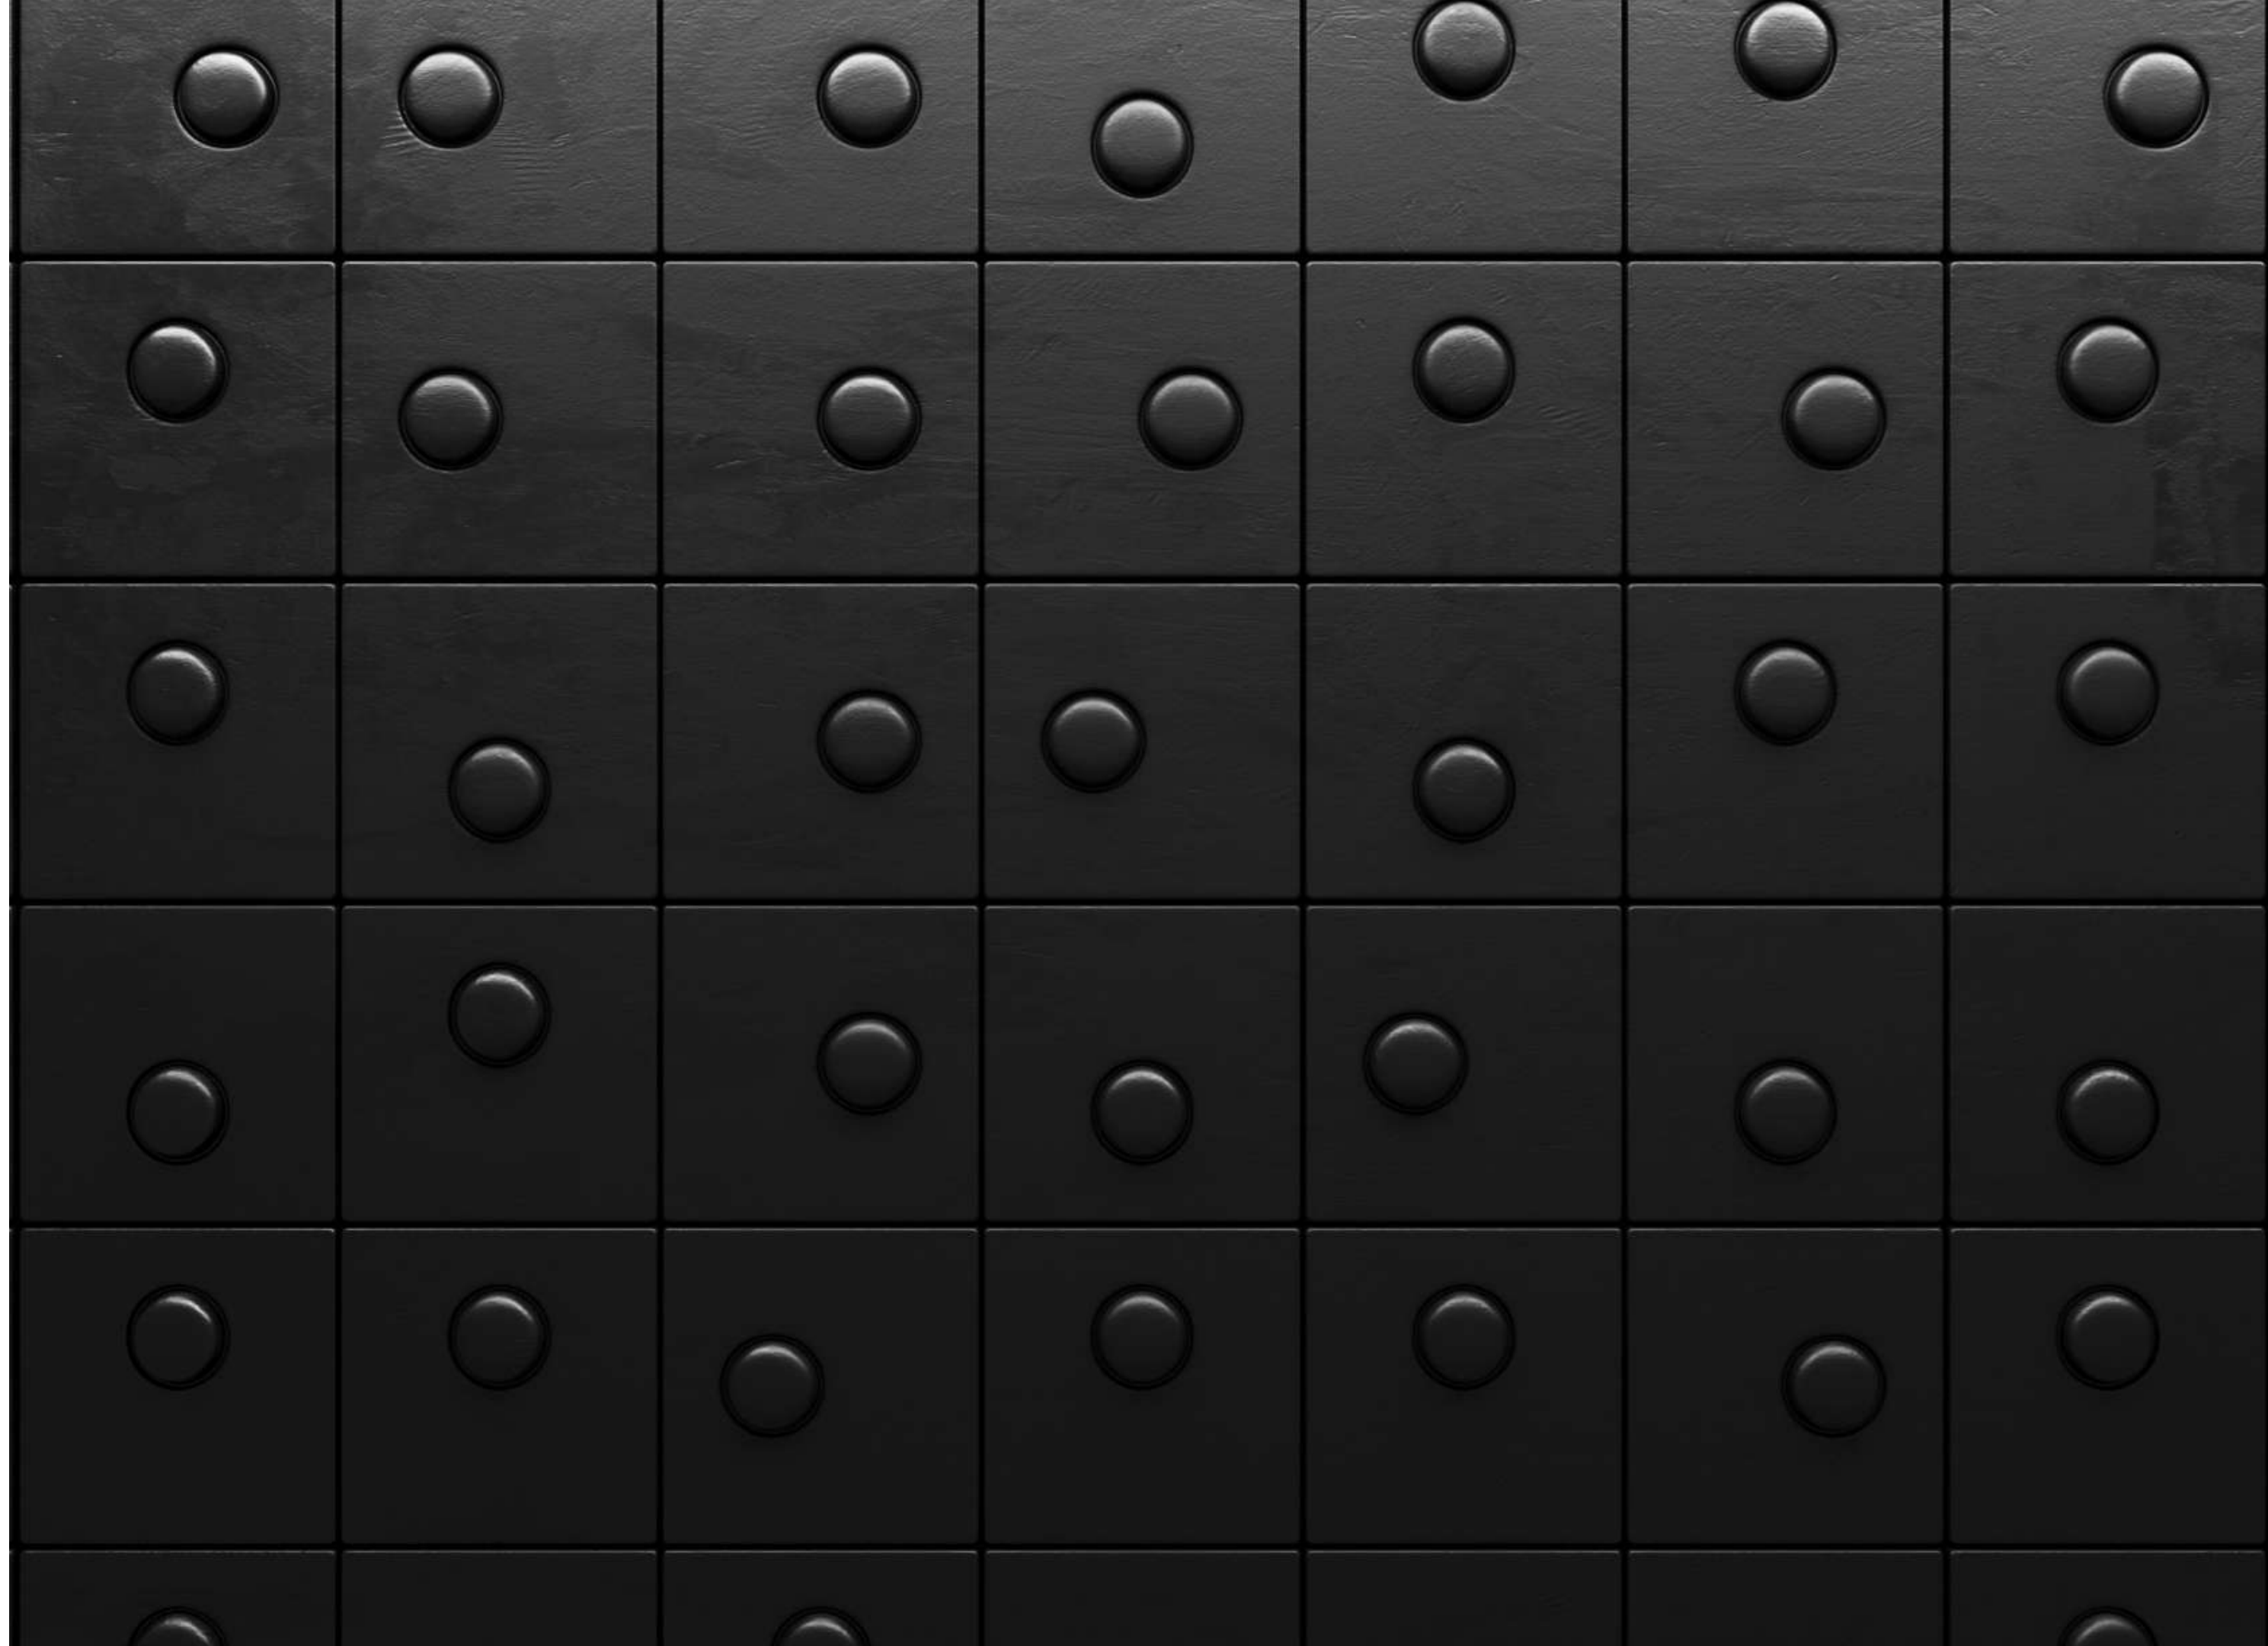

# DROPS

180 x 180 x 20 (H) mm

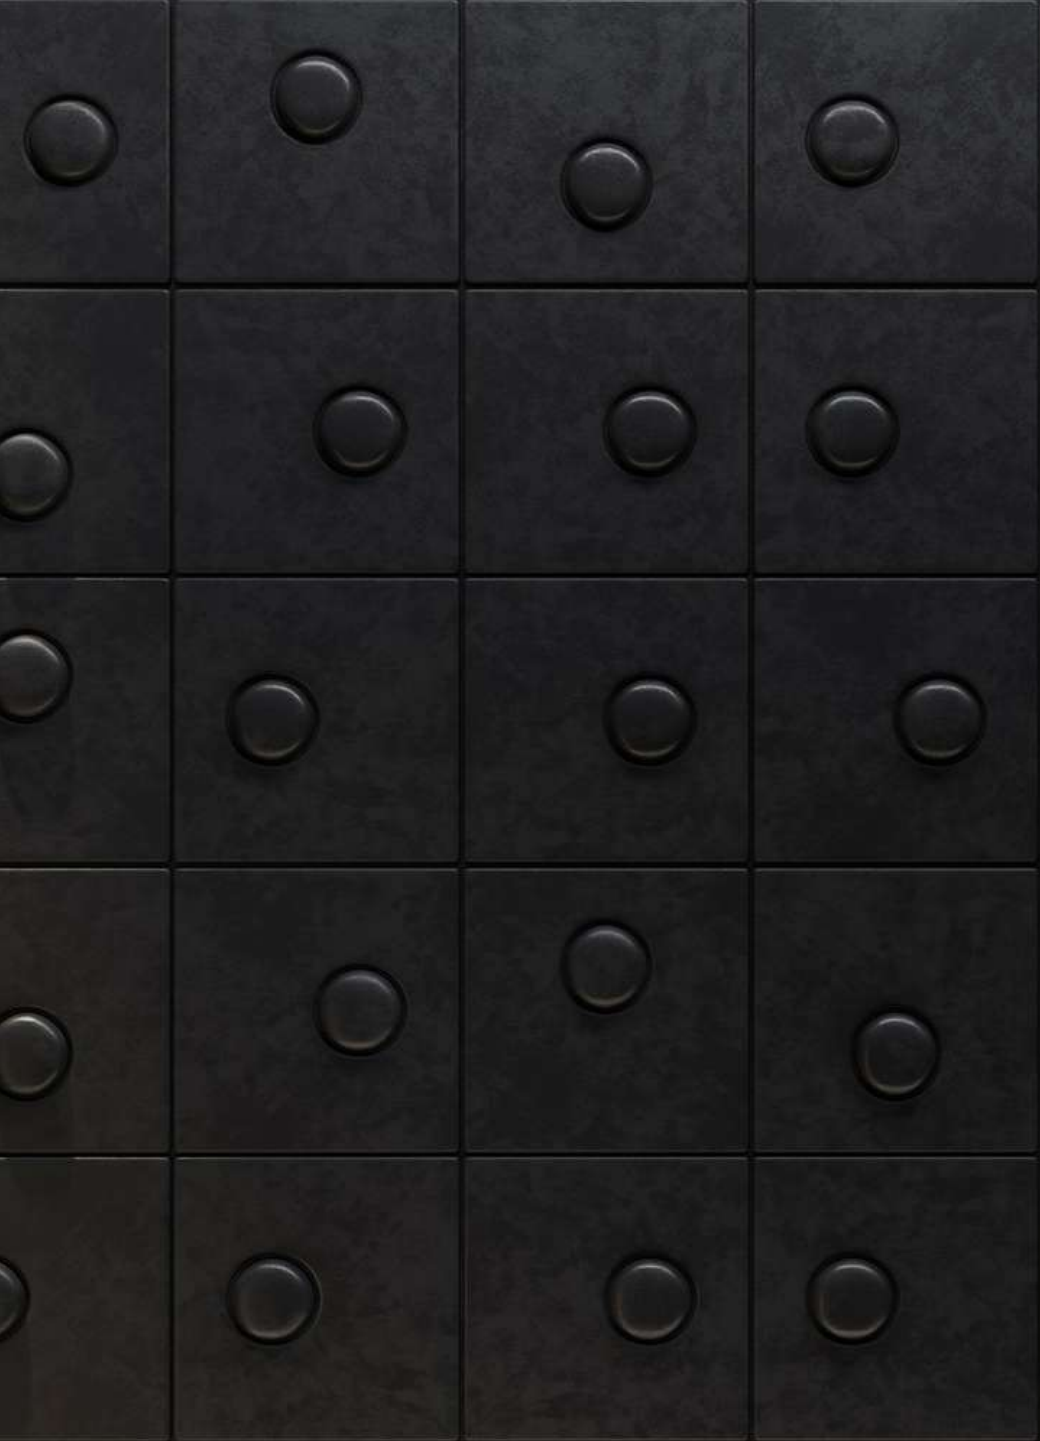

\$1 350/sq.m.

•  
Real raindrops can be on the walls of your home. Drops ceramic tile will refresh the space and give the walls a unique texture.

## ARCHITECTURE | INTERIOR DESIGN | CERAMICS

MAKHNO Studio was founded in 2003 by architect, ceramist, and collector Serhii Makhno. So far, more than 700 projects have been completed in 22 countries.

Serhii Makhno was one of the first to focus his work on Ukrainian culture. It was a 20-year journey of research, doubt, and finally realizing the importance of one's roots and returning home.

Today, the studio creates projects in the contemporary Ukrainian style - it is about respecting traditions and rethinking them, about loyalty to the roots and memory of the homeland.

Awarded with prestigious international awards, such as the Red Dot Design Award, The International Property Awards, The Architecture MasterPrize, IDA Awards, Restaurant&Bar Design. Every day there are at least two articles about us written in the trendiest design media in the world: ELLE Decoration, ArchDaily, Design Milk, Dezeen.
